

## SPEND THURSDAY AT LOWELL PARK---EVERYBODY INVITED

### ABBOTT IN A STRONG LETTER

HEAD OF FARMERS' INSTITUTE  
DECLARES BOARD ACTS  
WITH MALICE.

### HURTS FARMERS' INSTITUTE

Issues Statement Regarding Action of  
Civil Service Commission Against  
Secretary McKeene.

That the Illinois state civil service commission, in its attempts to prefer charges against Secy. H. A. McKeene of the Illinois Farmers' Institute is endeavoring to discredit and embarrass the institute, is the charge which President A. N. Abbott of the institute makes in a statement issued Saturday.

The charges by the civil service commission were predicated on the allegation that McKeene forced Miss Elizabeth Goldstein, formerly a stenographer in the institute office, to resign. The commission has served Miss Goldstein with notice that she has been re-instated and is entitled to pay from Feb. 1.

#### Replies to Recent Charges.

"The state civil service commission recently has taken action in an attempt to bring the Farmers' institute under the control of the commission by serving notice on the state auditor that he would be prosecuted if he continued to issue warrants in favor of the Farmers' Institute unless they were previously submitted to the civil service commission for its approval." President Abbott says: "This action by the commission is being resisted in the courts by the institute.

"Several months ago, for a short time, the institute was under the control of the commission, until an opinion was rendered by the attorney general to the effect that the civil service act did not apply to the Farmers' institute. The attorney general is still of the same opinion. The law has not been changed and this forms the basis for the attitude of the civil service commission's action in the courts.

### QUAIL WORTH MORE THAN FARM TURKEY

STUDENTS OF SUBJECT SAY EACH  
QUAIL IS WORTH \$5 TO  
OWNER OF LAND.

### DESTROY THE MOST INSECTS

The Quail Has Never Been Convicted  
of Any Real Damage to the Farm  
But Is of Great Help.

Careful students of its habits have rated every quail as worth \$5 to the farmer. Few turkeys yield so much, yet the farmer would feel insulted to have the sportsman ask, or take without asking, the privilege of shooting some of his domestic fowl, says the Carroll County Democrat.

Guiltless of even a little trespassing charge to its cousin, the ruffed grouse or pheasant, that of feasting on young twigs, sprouts and buds, the quail has never been convicted of real damage at any season of the year.

It is a diligent gleaner in stubble fields, but there is no evidence that it destroys either sprouting or ripened grain.

Few birds, save the rose-breasted grosbeak, will devour Colorado potato bugs like the quail. Chinchbugs, cotton worms, cotton boll weevil, rose bug, grasshopper, locust and the tobacco worm butterfly are among the ingredients of its flesh diet. Few birds eat so large a proportion of injurious insects.

As a seed and weed destroyer, the quail's mission is less important. The food capacity of each bird is estimated at half an ounce a day.

Though a prolific race, quails have other enemies than the gunner. One of the most common is heavy snow cutting off their food supply. Heavy snow, followed by rain or sleet, often form a crust under which they are hopelessly buried.

The farmer who scatters grain about his yard freely in time of heavy snow, will find that the quail are as regular feeders as his domestic fowls, and the little care given for the short period required pays in pleasure and in dollars and cents.

### I. C. TRAIN SERVICE TO AND FROM LOWELL PARK

For  
Dixon Business Men's Picnic,  
THURSDAY, JULY 23RD.

1:30 p. m.	
2:00 p. m.	
2:30 p. m.	
3:00 p. m.	
4:00 p. m.	

All trains will stop at North Dixon depot.

Round trip fare from south side depot will be 20 cents, from North Dixon 12 cents. Half fare tickets will be sold for children between the ages of 5 and 12 years.

The transportation committee of the Dixon business men, in whose charge the arrangements for getting their guests to and from Lowell park on Thursday, the day the commercial men of the city will be hosts to their friends and patrons of Lee county, has completed its work, and has arranged for exceptionally convenient train service on the Illinois Central railroad. As will be seen in the above time table—which will be followed as nearly as possible—there will be twelve special trains to the Lowell Park crossing, and six special trains will return the people to this city.

#### Wagonettes to Park.

The business men have also arranged to have all the trains met at the crossing by wagonettes in which their guests will be transported to the park free of all charge. This feature will prove especially attractive to the older people and the ladies, as it will save them the walk from the railroad crossing to the park entrance.

#### Trips by Boat.

The committee has also arranged with Messrs. Espy, Hill and Coe to carry all they can in their launches and the boats will commence to make their trips at 7:30 o'clock in the morning, continuing the round trips as frequently as possible all day and evening. A round trip fare of 25 cents has been made by the launchmen, and they have arranged to honor one another's return tickets, thus doing away with the necessity of the patrons waiting for any one boat to come back.

#### ARRANGEMENTS COMPLETE.

With the completion of the arrangements for the transportation of their guests, the business men have finished all the details for the big day's entertainment, in which it is expected thousands of the people of this vicinity will be their guests at an all-day outing. There will be band music all day, dancing, all kinds of sports, and, in fact, everything possible will be done to make everyone thoroughly enjoy the day.

Those who desire any further information regarding the arrangements for the day are asked to call telephone 38, 331 or 51.

### TOWN AUDITORS WILL MEET TOMORROW TO APPOINT ANDERSON'S SUCCESSOR

The board of town auditors will meet tomorrow afternoon at 2 o'clock at the office of Town Clerk F. D. Palmer, to appoint a successor to late Supervisor O. B. Anderson, whose sudden death rendered the office vacant. The statutes provide that in case of the death of a supervisor the town auditors, the board of which is composed of the town

clerk and the justices of the peace, shall appoint a man to fill the unexpired term as supervisor, town treasurer and overseer of the poor.

John M. Sterling has been talked of as the appointee of the board and it is probable that he will be named to fill the office until next April, when the annual town election will be held, and when Mr. Anderson's term would have expired.

### DOUBLE HEADER IN CITY LEAGUE SUNDAY

#### SATURDAY GAME POSTPONED— I. N. U. MEETS BUSTERS AND STARS SUNDAY.

Because the Brown Shoe factory will have to work again the coming Saturday afternoon it will be impossible for the Buster Browns to play their scheduled game in the City League, and the directors of the association at a meeting last evening decided to play a double-header next Saturday afternoon for the price of a single admission.

The Illinois Northern Utilities team will have to bear the brunt of the burden, but Manager Meaden says his men are ready, and accordingly the I. N. U. will meet both the Browns and the Stars.

The first game between the I. N. U. and the Busters will be called at 2 o'clock sharp and at 3:30 the diamond will be turned over to the Stars and the I. N. U. With two games for the price of one, one of the largest attendances of the season will undoubtedly be on hand Sunday afternoon.

#### HAD OPERATION.

Mrs. Marcus Albright of Ashton submitted to a critical operation at the Dixon hospital this morning.

#### TOOK THE CASE UNDER ADVISEMENT

The case of the People vs. Mike Smith, charged with selling fish without a license, was tried this morning before Magistrate Kent, H. A. Brooks appearing for the defense and States Attorney Harry Edwards prosecuting for the State Game and Fish Commission. Evidence was taken and the attorneys made their arguments on several points of law, following which Judge Kent announced that he would take the case under advisement, rendering his decision tomorrow.

#### WM. NIXON'S BROTHER IS DEAD.

William Nixon, secretary of the Dixon lodge, B. P. O. E., was called to Streator today by a message announcing the death of his brother, Thomas Nixon, who has been ill for several months. Mr. and Mrs. Nixon went to Streator on the morning southbound passenger train.

#### CONFISCATED FISH TRAP.

Deputy Fish and Game Warden William Tague of this city last evening confiscated a wire fish trap which he found in the river near the Illinois Central railroad bridge. He was unable to ascertain who was the owner of the trap.

#### MOVE TO STERLING.

Mr. and Mrs. Carl Prestin last evening moved their household goods to Sterling, where they will make their future home.

### GLANCE OVER THIS NOTEWORTHY LINEUP

THE BASEBALL GAME AT BUSINESS MEN'S PICNIC WILL BE  
CONSIDERABLE GAME.

A glance at the lineup to be used in Thursday's baseball game at the Business Men's picnic will at once convince the reader that he must not miss the big picnic nor this game, which is only one of the splendid features connected with it.

The teams that are matched to meet that day are composed of many old and conservative ball players and the contest will be well worth witnessing, as it will doubtless contain many plays that will go down in history as new and startling additions to baseball history.

#### LARGE CROWDS AT

#### THE BATHING BEACH

Professor Elssner, in charge of the Assembly bathing beach, announced that two assistants have been engaged to care for the crowds at the beach. The beach has been raked and cleaned of all bad stones and glass and the crowds are increasing in volume each day.

The electric lights over the beach will be in operation each night.

John Morrissey of Walton was here Monday.

### CONGRESSMAN FROM STOCK YARDS QUILTS

MCDERMOTT QUILTS UNDER FIRE  
—WAS MIXED UP IN MULHALL  
LOBBY INVESTIGATION.

(Associated Press.)  
Washington, D. C., July 21.—Representative McDermott, the Democratic congressman from the Fourth Illinois district, which includes the Chicago stock yards, caused a sensation in the house when that body assembled this morning by announcing his resignation, which he said had already been sent to Governor Dunne.

McDermott is under charges in connection with the Mulhall lobby investigation. The minority of the investigating committee have recommended his expulsion from the House of Representatives and the majority has recommended censure.

The case was to come before the house for a vote Thursday. McDermott said he would seek re-election.

### WILLIAMS' FAMOUS COLORED SINGERS

JULY 30 AND 31 WILL BE THE  
DATES OF THEIR APPEAR-  
ANCE HERE.

#### ARE ON ASSEMBLY PROGRAM

These Famous Singers Performed  
for 18 Weeks in London—Sang  
in the Coliseum.

The World Famous Williams' Colored Singers will appear at the Dixon Assembly July 30 and 31. These people were here several years ago and at that time thousands were entertained by programs of excellent music.

It will be remembered that the quartet is a special feature. The prima Donna was trained by one of the best instructors of Chicago. She has a lyric voice possessing the flute quality, which is classed by the European masters as being the rarest and most beautiful.

These singers spent 18 weeks in London, where they gave 130 performances, singing in many of its best known theaters, among which was the world famous Coliseum.

The entire company is composed of a double quartet; that is, a ladies' quartet and a male quartet, and their selection of songs varies from the opera to the negro boat and cabin songs.

Lincoln McConnell will open the Assembly Saturday afternoon with a lecture on "Dead Lions."

Dr. W. R. Wedderspoon of Washington, D. C., will deliver his great lecture, "Beside the Bonnie Brier Bush," Sunday afternoon. These are two lectures you ought to hear.

Don't forget that the Dixon Marine band will play a concert at Assembly park Saturday evening.

### MEDIATORS MEET IN MERRIE ENGLAND NOW

LEADERS OF OPPOSING PARTIES  
HELD CONFERENCE IN BUCK-  
INGHAM PALACE—THE KING  
GREETS OPPOSITION.

(Associated Press.)  
London, Eng., July 21.—Great crowds gathered outside Buckingham Palace today to witness the arrival of the various party leaders to participate in the conference inaugurated by King George in view of bringing about a peaceful settlement of the Irish Home Rule question.

King George received the statesmen and shook their hands cordially. It is probable that this is the first time that Redmond and Dillon, the Nationalists leaders, ever exchanged greetings with the sovereign of Great Britain.

After a brief conversation with the principals of the conference, the king withdrew, leaving the conferees to their deliberations.

The conference was in session a half hour and adjourned, to meet again tomorrow.

The political feeling throughout the United Kingdom is so high that the atmosphere of the conference could not have been otherwise than chilly.

### REBEL ARMIES WILL COMBINE AND WAIT

VILLA'S ARMY LEAVING TO JOIN  
OTHER DIVISIONS OF ARMY  
AND WAIT THE TRANSFER OF  
POWER.

(Associated Press.)  
El Paso, Tex., July 21.—General Villa's army of eighteen thousand men is reported to be entraining for their journey to Queretaro, where the three divisions of the Constitutional forces will converge and await the peaceful transfer of power in Mexico City from Carranza to Carranza, after which the combined forces will march into the capital.

General Villa himself will leave Chihuahua City himself within forty-eight hours.

Mrs. Ed O'Malley of Walton was here Monday.

### CASE WILL SET A PRECEDENT HERE

FISH CASE BEFORE MAGISTRATE  
KENT SAID TO BE FIRST  
UNDER NEW LAW.

To Magistrate W. G. Kent of this city falls the distinction of giving the first decision in the state, as far as can be learned, on what constitutes wholesaling fish under the flame and fish laws of the state of Illinois. This morning when the case of the People vs. Mike Smith was called evidence was taken to show that Smith had sold fish he had caught in Rock river, and that he had no license to sell fish. The complaint in the case was made by Deputy Warden William Tague of this city.

Smith, through Attorney H. A. Brooks, raised the point that inasmuch as he had caught the fish himself and had not "purchased and resold" them, as provided in the statutes, he was not a wholesaler and was therefore not guilty of the charge made by the fish and game commission through their representative, Mr. Tague. Magistrate Kent has taken the case under advisement and will give his decision tomorrow. It is very likely that in case he decides against the commission the case will be appealed in order that the point may be decided upon by a court of record.

#### HEARING CONTINUED.

After a preliminary hearing in the case of Pat McNamara, charged by George Harvey with assault with a deadly weapon, held yesterday afternoon before Magistrate Kent, it was decided to continue the proceedings for ten days.

McNamara, it will be remembered, is accused of attacking Harvey with a large steel hook while they were at work at the Borden plant and severely lacerating his arm.

#### HAVE BABY BOY.

Mr. and Mrs. Jacob Origines of Highland avenue are the proud parents of a splendid baby boy, born this morning.

### S. S. GORTON OF DIXON IS NEARING THE CENTURY MARK—IS NINETY SEVEN

Samuel S. Gorton has lived in Dixon forty years. He is well known. He was no youngster when he came to Dixon for, though it was forty years ago, he was fifty-seven years old then.

S. S. Gorton is, as far as we have been able to determine, the oldest man in the city of Dixon, and it would be a revelation to you, if you don't know him, to see him walk and get around. He stopped in at The Evening Telegraph office the other day for a little chat.

We suggested that in view of his unusual age record we would like to have a picture of him for the Telegraph, and asked him if he would mind going over to the photographer's with us.

"No," he wouldn't mind a bit and so together we went over.

On the way to the photographer's we asked the veteran if he felt the need of a cane.

"Cane?" he responded with spirit. "Why, young man, I used to think I ought to use a cane when I was only a little over seventy years old, but, My Goodness! I threw my cane away twenty years ago. What do I need of a cane?" and he illustrated his question by hopping nimbly up over the high curb from the pavement to the walk.

Mr. Gorton was born in Providence, R. I., ninety-seven years ago the 16th of the coming August. He now lives at 109 Harrison street, in West Dixon.

#### WOULD RETURN TO THIS CITY.

Fred Overstreet, who formerly conducted a jewelry business in Dixon, and who is now at Tuscola, Ill., was here this morning visiting friends and incidentally looking for a location to re-establish himself in business here. Mr. Overstreet says that Dixon is the best town in the state and he is anxious to return here.

#### MR. THOMPSON RETURNS.

James H. Thompson, now superintendent of the National cemetery at Fayetteville, Ark., who came to Dixon to attend the funeral of his son-in-law, William B. McMahon, will return to his post tomorrow. Mr. Thompson is enjoying good health and reports that he is well pleased with his position.

#### NEW DISPLAY

Eichler Brothers are adding a new display window to their already large display frontage.

### THEODORE MOELLER IN HIS FINAL SLEEP

HIGHLY RESPECTED RESIDENT  
ANSWERED LAST SUMMONS  
MONDAY EVENING

#### FUNERAL AT HOME WEDNESDAY

Services at the Home at 3 P. M. —  
Masonic Orders in Charge  
at the Grave.

Theodore Moeller, one of the most highly respected citizens of Dixon, passed away at his home, 222 North Jefferson avenue, at 8:45 o'clock on Monday evening, death resulting from paralysis, from which he had suffered for several weeks. Funeral services will be held at the home at 3 o'clock Wednesday afternoon, Rev. F. D. Altman, pastor of the Lutheran church, of which the deceased was an active and influential member, officiating. Burial will be at Oakwood cemetery and the services at the grave will be in charge of the A. F. & A. M.

Mr. Moeller was born at Erfurt, Germany, June 20, 1834, and was 80 years and 1 month of age at the time

Rip Van Winkle staggered into town. His beard was long, his heels were down;  
His eyes were rheumy and full of tears,  
He'd worn his clothes for twenty years.

Jimmy Archer witnessed the Cub-Quaker scrap yesterday at Chicago, but did not don a uniform, as he intends giving his mended wing still more rest.

About 4,000 Monday fans attended the Cub contest Monday.

### Just Naturally a Knocker.

It isn't to be wondered at that Rapps of the Wichita team in the Western league is leading the sluggers in that circuit. A man with a name like that ought to punch several homers every game.

Rock Island will be compelled to give up the Ottumwa franchise in the Central Association on the ground that Rock Island belongs to Three-I league territory.

Beals Becker, Philadelphia, with an average of .340 is leading the batters of the National league.

Here they go. Near and Far are playing in the Virginia league and not many years ago there was a famous battery traveling the minors by the name of Upp and Downs.

Roger Bresnahan, asked to supplant Mordecai Brown as manager of the St. Louis Cardinals, has refused, but refused in such terms that President E. A. Steininger of the Cardinals believes it is merely a matter of time before the big catcher will become a manager in St. Louis again.

At last City League attendance is picking up.

### ELDENA, 10; SUBLETTE, 9.

Eldena defeated Sublette on last Sunday afternoon at the Gibson park in a close game, by a score of 10 to 9. The game was very interesting from start to finish, as both teams put up their best brand of baseball. A large crowd was present as of the three previous games played by the two teams each had won a contest, and one had been a tie. Next Sunday Eldena goes to Walton.

The score:

### SENATOR PETITIONS PUZZLE

Stringer Calls Advisory Council as Woods Is Silent.

Springfield, Ill., July 21.—Senatorial candidates are in the air over a new development in the preparation of petitions. Lawrence B. Stringer, the latest entry, has called a conference of his friends from all parts of the state for today in this city to advise him what course to pursue. It seems that the headings of his petitions say: "We, the undersigned voters of — county," etc.

Secretary of State Woods refused to say how he construes the law, and has not permitted anyone to see in what form he has filed on his own account. Mr. Stringer proposes to prepare one reading. "We, the undersigned voters of Illinois, etc.," but does not want to file it until he has had advice from his friends. Other senatorial candidates are in like perplexity.

### CENTENNIAL OF BELLEVILLE

Celebration Will Be Held Week Beginning Sept. 13.

Belleville, Ill., July 21.—Over thirty young men and women of Belleville's select society set have signified their intention of being in the pageant of the centennial of St. Clair county, which is to be given on three nights of the centennial celebration, which is to be held the week of Sept. 13 in Belleville. Author Stevens is busy on the book, which will more than likely be finished about Aug. 1.

Many of the young people who have offered their services in the ceremonies have been in some sort of a play two or three times a year for the past three years.

John A. Hennessy bobbed up as Colonel Roosevelt's probable choice for governor. They had a three-hour talk on Tuesday. Mr. Hennessy is now said to be getting Progressive signatures for a primary petition. Inquirers at his home were referred to a published statement that if he should run for any office he would run as a Democrat.

## WINTERS CLEW OPENS MYSTERY

Nicholas Larry Says Exhumed Remains Are His Child's.

### WHY POTTERS' FIELD BURIAL?

Urbana, Ill., Undertaker Identifies Larry as Man Who Left Body at Vault—Sexton Says Dr. Winters Brought It to Him—All Agree Body Came From Florida.

Urbana, Ill., July 21.—The clew, which more than all others that have been advanced since March, 1913, promised a solution of the strange case of Katherine Winters, probably failed when an exhumed body at Urbana, supposed to be that of Katherine Winters, was identified by Nicholas Larry of that city as his child. Private detectives who had seen the body had asserted it was that of Katherine Winters, nine-year-old daughter of Dr. William A. Winters, of Newcastle, Ind. Larry viewed it and positively identified it as that of his daughter, who, he said, had died in Jacksonville, Fla., something over a year ago and had been shipped to Urbana for burial.

Guy Stewart, an undertaker of Champaign, identified Larry as the man who had caused the body to be sent to his undertaking establishment and who had requested that the body of the girl be deposited in a receiving vault at the Mount Hope cemetery.

### But Here's the Mystery.

Added mystery to Larry's actions in consigning the body to a vault, where, after being held thirteen months without any one claiming it, was laid to rest in the potter's field of the cemetery, is interjected into the case by the fact that a year ago William Larry, a brother of Nicholas, was found murdered. The circumstances of his murder, the police said, have never been solved. Larry's admission that the exhumed body was that of his child was made to the state's attorney at Champaign.

### Sexton Says Winters Brought Body.

However, an added element of mystery was brought into the case by the action of Theodore Brown, sexton of the cemetery, who, having been taken to Newcastle before Larry had made his statement to the state's attorney, identified Dr. Winters as the man who brought the corpse to the cemetery.

Larry, who is a lawyer, but it not now practicing, is about fifty years old. He was asked if he had any statement to make about the case.

"There's nothing to say except this," he replied. "I brought the body of my girl from Jacksonville, Fla., here for burial. That's all there is to it."

### Police Say It Is Not Katherine.

Dr. Winters sent John Wallace and J. T. Romaine of the Newcastle police force to Urbana to look at the body. They returned, saying that the body of the girl there was not that of Winters' daughter.

Dr. Winters, after receiving from these men a description of the body, was also convinced that the remains unearthed from the potter's field at Urbana could not have been his daughter Katherine.

"This girl is described as having flaxen hair, while my daughter Katherine's was dark brown," he said. "I was positive from the first it could not have been my daughter."

### Tallies With Detective Story.

The detectives who had the body exhumed were able to have it done by giving a minute description of the clothes, and this description tallied in every detail with the clothes in which the body was buried. The detectives also had traced the body from Florida, whence Larry says he brought it, but allege further that it was sent from Newcastle, Ind., to the south.

### YOUNG ELOPERS ARRESTED

Fathers of Girls Thrown Off Track Hear They Are Married.

Cincinnati, O., July 21.—F. D. Pouch and George Hartman, well-known citizens of Newcastle, Ind., who arrived in Cincinnati looking for their fifteen-year-old daughters, who ran away from home, were informed their daughters were married at Greensburg, Ind. Clews picked up in Indiana led the fathers to think the girls were bound for this city, but a search by the police failed to bring any trace of their whereabouts. The youthful age of the girls drew the attention of the Greensburg officials, it is said, and they were placed in custody until their parents arrived. Serious charges will be brought against the men involved.

### Philadelphia Suicide City.

Philadelphia, July 21.—Since the first of the year 150 persons have committed suicide in this city, according to the report of Coroner Knight. This is considered a high record. So far this month fifteen persons, five women, have killed themselves.

### Paralyzed by Lightning.

Savanna, Ill., July 21.—Mrs. Isaac Elrott was standing in the doorway of her home when a bolt of lightning struck near her. She fell unconscious and is paralyzed from the waist down.

No. 165.

### NOTICE TO CONTRACTORS.

Sealed proposals addressed to the Board of Local Improvements and Council of the City of Dixon, in the County of Lee and State of Illinois, and endorsed proposals for the furnishing of the labor and materials for the construction of vitrified tile pipe sewer, manholes, catch basins and flushing tank in North Crawford avenue from the manhole fifty (50) feet north of Bradshaw Street to the northerly terminus of said North Crawford Avenue in the City of Dixon, Lee County, Illinois, as provided for in Local Improvement Ordinance No. 165, Series of 1914 of said City of Dixon will be received by the Board of Local Improvements and the Council of the City of Dixon, Lee County, Illinois, at the City Clerk's office in said City of Dixon until two o'clock in the afternoon on Friday, the 31st day of July, A. D. 1914, and will be publicly opened by the Mayor of said City of Dixon (who is President of said Board of Local Improvements) at a joint meeting of said Council and Board of Local Improvements to be held in the Council Chamber in the City Hall in said City of Dixon at two o'clock in the afternoon on said day. Said bids shall be opened by the Mayor in the presence of a majority of the Council and shall remain on file in the Mayor's office and be open to public inspection for at least forty-eight hours before an award of said contract is made to any competitive bidder. After the expiration of forty-eight hours, as stated above, said Council and Board of Local Improvements shall meet in joint session and determine the most advantageous bid for the City and publicly declare the same.

### That the work for which said tenders are invited is the construction of about 1854 cubic yards of excavation and back fill; 880 linear feet of 6-inch sewer pipe (laid); 342 linear feet of 8-inch sewer pipe (laid); 330 linear feet of 10-inch sewer pipe (laid); 192 linear feet of 10-inch storm-water laterals (laid); 920 linear feet of 12-inch sewer pipe (laid); 6 catch basins; 5 traps; 3 manholes and 1 flushing tank with siphon feed pipe and outside lamphole as provided for in Local Improvement Ordinance No. 165, Series of 1914 of the City of Dixon, Illinois.

Each bid for this work must be accompanied by certified checks or cash for an amount not less than ten per cent of the aggregate of such proposals. All certified checks must be drawn upon some responsible bank and must be payable to the order of the President of the Board of Local Improvements in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified checks will be held by said Board of Local Improvements until all the bids have been canvassed and the contract has been awarded and signed. The return of said checks or cash to the successful bidder being conditioned upon his appearance within fifteen (15) days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to the Board of Local Improvements and the Council of the City of Dixon.

A bond of Two Thousand (\$2,000.00) Dollars will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the said Board of Local Improvements and Council of the City of Dixon. All proposals must be made on blanks which will be furnished bidders at said City Clerk's office.

The payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is complete, and the work accepted by the Board of Local Improvements and Council of the City of Dixon, bonds to draw interest at Five per centum. No bid will be considered unless the party making it shall furnish evidence satisfactory to said Board of Local Improvements and Council of the City of Dixon of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work.

Specifications are on file in the Mayor's office, and also may be seen at the office of the City Clerk of the City of Dixon from and after this date.

The Board of Local Improvements and Council reserves the right to reject any and all bids.  
Dated at Dixon, Illinois, this 21st

day of July, A. D. 1914.

W. G. SHARP TO BE NEW  
AMBASSADOR TO FRANCE

President Wilson has named William G. Sharp, representative in congress from Elyria, O., for ambassador to France. Mr. Sharp's name has been sent to the Senate, where it will soon be acted on. If he is confirmed he will take the place of Myron T. Herrick, former governor of Ohio, who has long represented the United States at the French capital. While Mr. Sharp has not shone as one of the brilliant men of the House of representatives, he has been one of the solid men on the democratic side.

### Kerosene Oil Stove Burns

Do you know 400 gallons of air to one gallon of common Kerosene Oil makes a large amount of blue flame directly in contact with cooking vessel? Per cent combustion.

Automatically generates gas from kerosene; as the flame of work increases; the consumption of air automatically increases with it.

Most economical stove. Cooks at much less cost and faster than any other stove or any other fuel. WHY? For the reason that kerosene oil is cheap and has an immense amount of heat in it and in this stove 400 times as much air as oil is burned with it, making the hottest fire at smallest cost.

AS DELIGHTFUL AS A GAS RANGE. Easily operated and controlled Brass direction plate on every burner. Large square top grates, giving fifty per cent more cooking capacity. Cooking pots can be shoved or slid around easily, and several pots can boil over one fire. Made of steel, cabinet style. Porcelain enameled burner drums, heavy solid brass burners. Large free oil channels warranting perfect flow and feeding of oil. Clogging and similar trouble impossible.

SOLD AT THE FOLLOWING VERY LOW PRICE:

Two Burner Revonoc Oil Stove	\$ 7.50
Three Burner Revonoc Oil Stove	9.75
Four Burner Revonoc Oil Stove	11.75

Only the immediate relatives will be present to witness the ceremony, which will be performed at high noon in the Methodist parsonage tomorrow, Rev. Fred Stone officiating. The bride will be very prettily gowned in a white Irish crochete dress with hat encostume and will carry a shower bouquet of white rosebuds and lilies of the valley. Following the ceremony a reception will be held at the home of the bride for the members of the bridal party. The home will be artistically decorated in pink and white with huge bowls of pink and white sweet peas scattered throughout the rooms.

Mr. and Mrs. Lerdall will then leave on the 5:30 o'clock train in the afternoon for Cumberland, Wis., where they will visit with the groom's parents. After visiting there they will make a short tour into the northern part of Wisconsin and spend a few weeks at the lakes there. After August 5 they will be at home at 11 Addison street in Freeport, where the groom has a beautifully furnished home for his bride.

Miss Stacy is a well known and popular young lady in this city, having graduated from the South Dixon High school in 1913. She is a sweet, winsome girl with a large circle of friends who are showering her with congratulations and best wishes for her future life. The groom-to-be is at present employed on the I. C. railroad as fireman and was at one time employed in this city, where he acquired many friends who are now extending their hearty congratulations.

**TARIFF AND THE SHOE INDUSTRY.**

That the democratic tariff is tearing up the American boot and shoe industry is shown by the official figures from administrative bureaus of the government. Under the democratic tariff law, foreign-made shoes are being sold in the very shadow of the Capitol of the United States. Since the Underwood tariff law placed all boots and shoes on the free list, foreign-made footwear has been flowing into the United States at a steadily increasing rate.

The Underwood law has not been on the statute books a full year, yet the importations of boots and shoes for the first seven months it was in effect almost equalled the total importations for the year of 1913. It looks as though the first year of the democratic tariff law would bring twice the amount of foreign-made boots and shoes into this country than were imported the whole of last year under the republican tariff law.

These statements are based on figures which Representative John J. Esch, of Wisconsin, has just secured from the Director of the Census, and the Bureau of Foreign and Domestic Commerce. Mr. Esch has just given these figures out for the first time. He says: "The United States is the leading manufacturer of footwear in the world and its total output is valued at over \$500,000,000 annually, giving employment to a quarter of a million people. While it is true that the importations compared with our total domestic output is relatively small, the increase in the importations since the new law went into effect is relatively large and is significant in that it shows that, with each month's operation of the new law, there will be an increased displacement of American-made goods, with a consequent lessened demand for American labor.

"No one will deny that our American workmen ought to have furnished the half million dollars worth of boots and shoes which will be imported during the first year of the new law's operation, especially when there has been no reduction in the cost to the American consumer.

"With like purposes and effect as to other industries, the American home market will be broken down; unemployment will be increased; purchasing power diminished; stagnation in business continue and even grow worse. Truly, democracy, so far as the tariff is concerned, has learned nothing, but the people must learn anew the lesson of 1893."

If the shoe manufacturing industry becomes badly crippled, and it seems that it must, Dixon may suffer in result, for shoe manufacturing is one of our foundations here.

**DIXON'S SONS AND DAUGHTERS FAR AWAY.**

If you are going to be touring California next month, be at Sycamore Grove, Los Angeles, on August eighth. There on that date you will find in session just the finest assemblage of people you ever saw away from home. It will be a sight that will bring tears of gladness to your eyes and make you think that some good fairy has waved her magic wand and whisked you across a couple of thousand miles of space to the dear old home, for the Dixon, Illinois, Society of Southern California will be in session, many dozen strong. It will be a great day. We can imagine how the annual picnic held by the sons and daughters of dear old Dixon who have wandered so far away and who must sometimes long just a little to get back and mingle with the "home folks" is the very best day in all the year to them. No real Dixonite could be within a hundred miles of that spot on that day and stay away.

**FOR GENERAL JOHN A. LOGAN.**

They are going to have a big meeting down in Murphysboro, Illinois, the birthplace of Logan, August third, and every patriotic citizen of this state is invited to be present. The object of the meeting will be to start a movement to erect a monument to the famous civil war hero. Among the speakers will be his widow. "Uncle Joe" Cannon will also appear on the program.

**IN ENGLAND.**

A London dispatch tells how a woman who was seventy-two years old killed her husband the other day because she was jealous about a love affair he struck up with another woman. It served the old fool right we should say. His beligerent wife has been sentenced to death. She isn't half as bad as an English suffragette.

**ENJOYING A QUIET SLEEP.**

For fear that the skeleton may get a trifle rusty, we will rattle it slightly and be so bold as to ask: "What has become of the garbage question?" The Mayor surely did plant that ghost deep when he buried it.

**EDITORIAL COMMENT.**

Bloomington Pantagraph: Coroner Hoffman of Cook county, who is chairman of the public safety committee of Chicago, states it as his opinion that no person should be allowed to fire a revolver on the Fourth of July, and it is probable that in his report, to be made in the near future, he will recommend the enactment of a state law regulating the carrying of firearms of all kinds. It is striking commentary upon the dangers of firearms that so many of the Fourth of July accidents were due to this cause. In this there is a lesson not only for the Fourth of July but also for every day in the year.

Mattoon Journal-Gazette: The investigation by the authorities of the Lorimer bank scandal is all right, of course, but post mortems will never replace the widows' mites nor the orphans' savings.

Quincy Herald: From the number of camps in the woods roundabout Quincy it would seem that man's instinct to kill has taken the form of an ardent desire to fight mosquitoes.

Quincy Whig: The interstate commerce commissioners who are delaying action on the railroad rate cases until they get good and ready are about as serviceable as the members of a fire department who wait until they finish a game of pinocle to respond to an alarm of fire in the heart of the business district.

Philadelphia North American: A Chicago woman's club is placing signs in railroad stations reading "Beware of the Men." Excellent advice. Women should also keep their eyes peeled for mad dogs, watch their step and look out for the cars.

**Out of Debt**  
BY WALT MASON

At breakfast time, at eve, at noon, I eat a cabbage and a prune,  
as oft I've done before; I smile and chortle as I dine, for what I eat is strictly mine, and paid for at the store.  
No man can say to me, "You loon, you ought to pay me for that prune, before you eat the same;" no man has mortgage, claim or lien, upon the cabbage, rich and green, with which I pad my frame. A cup of water from the rill tastes better than a pint or gill of grapejuice bought on tick; and when I've chewed my victuals down, I'm the serenest guy in town, with conscience smooth and slick. Oh, better far for any man, a can of soup, a pail of bran, a nickel's worth of tripe, than are the viands rich and rare, which cause a gent to tear his hair when monthly bills are ripe. 'Twere better far to gnaw a bone that you may truly call your own, than eat a cherry pie, and have the merchants look askance, and tell you that your name is Pance, when you drop in to buy. The worst old scheme invented yet is that of going into debt; it keeps the people broke; within my means I always keep, and while the others wall and weep, I sit in peace and smoke.

FOR seventy-five years—three-quarters of a century—the express has been the right-hand of the shippers of commercial America. The Express came to Dixon in 1855 and it came to stay. For 59 years it has been the right-hand of commercial Dixon.

It is here to stay. The other day when reports went out that the express companies might retire from business, a protest went up. From whom this protest—the express companies? No! The merchants of the country—shippers everywhere—petitioned Congress that no action be taken that might have the effect of forcing the express companies to retire. Commercial organizations all over the land have joined in this appeal to Washington.

**AURORA WILL CUT WEEDS IN  
VACANT LOTS; LOT OWNERS TAXED**

The example that Aurora sets in cutting the weeds in vacant lots could easily and with profit be followed in Dixon. The Aurora Beacon-News tells the plan as follows:

"Vacant lots in some portions of Aurora are disappearing beneath miniature forests of weeds, according to complaints that are being received by Superintendent of Streets Horr. In one lot in East avenue weeds are five

feet high, he has been told.

"Highway commissioners are also complaining about the manner in which property owners are allowing Canadian thistles to grow and threaten to do the same as the city, employ men to cut them down and then add their wages to the taxes of the owners of the property. Several arrests are also to be made, the commissioners said today."

Lowell and his brother John, eight years old, were walking along State street, at Twenty-fifth, when the former found a street railway torpedo. Desiring to see what was inside, Lowell put the thing between his teeth and bit on it.

**URGE BALTZ BILL PASSAGE**

East St. Louis People Want Federal Judicial Districts Rearranged.

Washington, July 21.—Thomas E. Gillespie of East St. Louis appeared before the house committee on judiciary and urged favorable action on the Baltz bill, providing for a rearrangement of the federal judicial districts of Illinois, which would place East St. Louis in a new southern judicial district, in which terms of court also would be held each year in Cairo and Olney.

"At present litigants and attorneys in East St. Louis and vicinity are obliged to go 200 miles to Danville in order to get into the federal court," said Gillespie, who represents the East St. Louis Bar association. "As a matter of fact, 75 per cent of the business of the present district originated in East St. Louis. The court records prove this conclusively, and it is not open to argument or challenge."

**AGRICULTURAL EXPERT IS TO BE  
ENGAGED SOON BY COOK COUNTY**

Cook county is to install a soil expert and will teach scientific farming. This makes the 15th agricultural expert for Illinois. A message from Chicago says:

Scientific agriculture will be taught to the farmers of Cook county by a specialist.

Edward Tobin, county superintendent of schools, announced yesterday that he would appoint a county agricultural advisor.

"I am only waiting to see Dean Davenport of the University of Illinois before making an appointment," said Mr. Tobin. "I expect to get his help in the selection. The county will co-operate with the university in

maintaining an agricultural representative, as part of the expenses of the position will come from the national appropriation passed May 8 in the Smith-Lever bill, giving \$10,000 to each state. Cook county, as embracing the most important part of the state of Illinois, will have a good portion of this.

"We are in a position to make particular progress in establishing agricultural specialists to work with the farmers on the land and introduce more productive methods, as we have a \$3000 county appropriation to work with also.

"This agricultural supervisor will be a highly trained man."

**THEODORE MOELLER  
IN HIS FINAL SLEEP**

(Continued from page 1)

of his death. He came to America with his parents in his youth, the family coming to Dixon June 8, 1850 and this community has since been his home. On October 1, 1865, he was united in marriage to Miss Ellen E. Seavey of Palmyra, and of eleven children born to the union, nine survive to mourn his passing, together with the widow. The children are: Mrs. S. E. Fellows of Pipestone, Minn.; Mrs. Fahrney Foltz of Guthrie, Okla.; Mrs. Frank Zuhl of Dixon; Mrs. F. J. Wise of Chicago; Alma and Caroline of Chicago; Ernest at home and Roy and Seavey of Chicago. Six grandchildren also survive.

Since his residence in this community Mr. Moeller has been considered one of the best citizens. His influence was always for the good and he boasted an exceptionally large number of friends, all of whom will mourn his death and tender sincerest condolence to the bereaved family.

For over a quarter of a century he was engaged in the grocery business in this city, starting in that line of mercantile endeavor in 1869 or 1870 when, with Ed. Weibezahn he opened a store on First street. Later he acquired the sole ownership of the business and for many years was one of the leading business men of the city, retiring in 1897.

He was a member of Friendship lodge No. 7, A. F. & A. M., Nachusa Chapter No. 56, R. A. M., and Dixon Commandery No. 21, Knights Templar, and in his lodge relations he exhibited the same steadfastness and loyalty that marked his business and social relations with his fellow man.

Theodore Moeller united with St. Paul's Lutheran church on January 9th, 1869, and for the past forty-five and one-half years he has been a member of the church and for the past forty-three years he has been an officer, for he was elected to office in the church in '71. For the last three years of his life he has been incapacitated by ill health and has been elected Elder Emeritus, because of the wish of the congregation and officers to keep him in office during his life.

Mr. Moeller's tenure of office is the longest in the history of the church, and he was the oldest male member of the Lutheran church at the time of his death.

(Associated Press.)

Paris, July 21.—At the trial of Madame Caillaux today the scene of the shooting of Editor Calmette was reconstructed by employees of Figaro. Louis Latzarus, one of the Figaro force, testified that Madame Caillaux seemed untroubled by fifteen editors who surrounded her after the shooting. He said he had talked with Calmette about the Caillaux campaign, and Calmette told him he had enough documents to crush Caillaux. After Calmette had printed the "Thy Joe" letter, according to Latzarus, he remarked "My pockets are empty; I have nothing more."

**TO HONOR MEMORY  
OF GENERAL LOGAN**
**GREAT MEETING WILL BE HELD  
AT MURPHYSBORO AUG. 3RD  
—BRILLIANT SPEAKERS.**

Murphysboro, Ill., July 21.—This city, the birthplace of General John A. Logan, will be the scene of the largest gathering of notables ever gathered together at one time in southern Illinois when on August 3rd the John A. Logan Monument and Volunteer Soldier Memorial Association, will be formally organized.

The speakers for the occasion include Governor Edward E. Dunne, United States Senators James Hamilton Lewis and Lawrence Y. Sherman, Mrs. Mary Logan, widow of General Logan, and Joseph G. Cannon, former speaker of the national house of representatives.

Among other notables who have accepted invitations to be present are: Former Governors Deneen and Yates, Clark E. Carr, a personal friend of Logan, Congressman at Large Stringer, Roger Sullivan, Secretary of State Harry Wood, State Treasurer Ryan, Lieut. Governor Barratt O'Hara, Mrs. Mary Logan Tucker, only surviving child of General Logan and John A. Logan III, Past Commander of the G. A. R. N. B. Thistlewood, former U. S. Senator William Mason, Judge Vickers, of the Supreme Court, and others.

The John A. Logan Monument and Volunteer Soldiers Memorial Association plans to erect a creditable monument to John A. Logan, the greatest volunteer soldier of all times, at his birthplace and to build a memorial to the volunteer soldiers. State Senator Kent F. Keller is father of the idea and is working with the local committee toward the successful culmination of the plans. The association will be formally organized on August 3, and a marker placed at the site of the birthplace of General Logan.

The monument and memorial will be built by popular subscription. It is hoped to have it ready for dedication in 1918, the Illinois Centennial year.

All old soldiers and patriotic citizens are invited to participate in this tribute meeting to General Logan on August 3rd.

**SETTLEMENT OF KRAFT CASE  
AVERTS THREATENED STRIKE  
IN MAJOR LEAGUES.**

(Associated Press.)

New York, July 21.—There will be no strike among the baseball players of the two major leagues. The Kraft case, the basis for the strike order issued yesterday by the players' fraternity, was settled today by the New York Internationals, who agreed to buy Nashville's interest in Kraft. Previous to the above announcement the owners and representatives of eight clubs in the American league had gathered here to agree and shape a policy for meeting the threatened strike. The fraternal demand was placed before the meeting immediately after it had assembled.

Settled by Ebbets.

The case was settled by President Ebbets, owner of the Brooklyn Nationals and a stockholder in the Newark Internationals, who settled the case while the American league magnates were still in session.

**ADJUDGE DINSANE.**

Mrs. Mary A. Schafer of Ashton was adjudged insane by a commission in the county court this afternoon and was taken to the state hospital at Watertown for treatment.

**FAMILY THEATRE.**

This evening will be the last opportunity of witnessing the Adventures of Kathlyn, as the story ends with the series to be shown tonight. Everyone who has followed this interesting tale of adventure should see the closing chapter.

In connection with the above the Hearst-Selig News pictorial will be given, showing the American residents returning to Tampico; the Cardinal's visit to Rome; launching of the Shamrock; Jap Tars' visit to San Pedro; Inter-collegiate meet at Harvard and many other subjects. A comedy subject will also be shown, featuring the juvenile comedian, Andy Clark, in Andy Goes a-Pirating.

**PRINCESS THEATRE.**

"Dr. A. W. Uehren, city health officer, will be asked to authorize the street department to employ men to cut down the weeds on vacant lots where the owners fail to obey the city ordinance. There is a state law empowering the city to employ men to cut down weeds and then add the wages of these men to the taxes of property owners."

On Wednesday night the Princess theatre will show two two reel features, one entitled "Tennessee," an excellent feature of moonshining days, with a story of love and adventure interwoven and played by a fine cast of Kay-Bee players. The other feature, "The Intruder," is also a fine picture which is replete with many thrills of excitement and interest.

On Thursday night the Princess theatre will show the third series of "The Million Dollar Mystery." This part of the story is entitled "The Leap in the Dark," in which Florence makes a thrilling leap out of the window as she is surrounded by the black bandit.

Realizing that Hargrave has made a candidate of his father, Jones, Braine warns Olga that they must keep their eyes on him. Olga disguises herself and goes to see the boat captain, who has picked up a man at sea. She is preceded by Norton, who bribes the captain to tell any party making inquiry that the rescued man, who disappeared when the boat reached the pier, first left a package in the warehouse safe. Olga is given this information and that night, also, is to be made, the commission place.

## A NURSE TAKES DOCTOR'S ADVICE

And is Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Euphemia, Ohio.—"Because of total ignorance of how to care for myself when verging into womanhood, and from taking cold when going to school, I suffered from a displacement, and each month I had severe pains and nausea which always meant a lay-off from work for two to four days from the time I was 16 years old.

"I went to Kansas to live with my sister and while there a doctor told me of the Pinkham remedies but I did not use them then as my faith in patent medicines was limited. After my sister died I came home to Ohio to live and that has been my home for the last 18 years.

"The Change of Life came when I was 47 years old, and about this time I saw my physical condition plainly described in one of your advertisements. Then I began using Lydia E. Pinkham's Vegetable Compound and I cannot tell you or any one the relief it gave me in the first three months. It put me right where I need not lay off every month and during the last 18 years I have not paid out two dollars to a doctor, and have been blessed with excellent health for a woman of my age and I can thank Lydia E. Pinkham's Vegetable Compound for it.

"Since the Change of Life is over I have been a maternity nurse and being wholly self-supporting I cannot over estimate the value of good health. I have now earned a comfortable little home just by sewing and nursing. I have recommended the Compound to many with good results, as it is excellent to take before and after childbirth."—Miss EVELYN ADELA STEWART, Euphemia, Ohio.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

### LINCOLN HIGHWAY NOTES.

A book has just been published under the title of "A Motor Trip Through Canada," which advocates the establishment of a transcontinental highway in Canada similar to the Lincoln Highway in this country. The author, Thomas W. Bilby, recently crossed Canada from Halifax to Vancouver, a distance of 4,200 miles, in his car, the trip lasting 52 days. The Lincoln Highway is but 3,400 miles in length and can be crossed in 30 days or less, depending on the car and the driver.

Richland County, Ohio, farmers have organized a Farmers' Lincoln Highway Association, which will be actively interested in bringing about the improvements of the section of Lincoln Highway in Richland County.

A petition is being circulated in Chicago Heights, Ill., to change the name of the old Chicago road to the Lincoln Highway. A majority of those owning property on this road will have to sign the petition before the change can be effected, but no opposition is being encountered.

Two hundred dollars was taken in at a dance given for the benefit of the Lincoln Highway at the Odd Fellows' Hall in Placerville, California, recently. This is a new way of raising Lincoln Highway funds.

Contract for Lincoln Highway work in Wayne County, Ohio, will be let some time this month. The sale of bonds for the work took place in May.

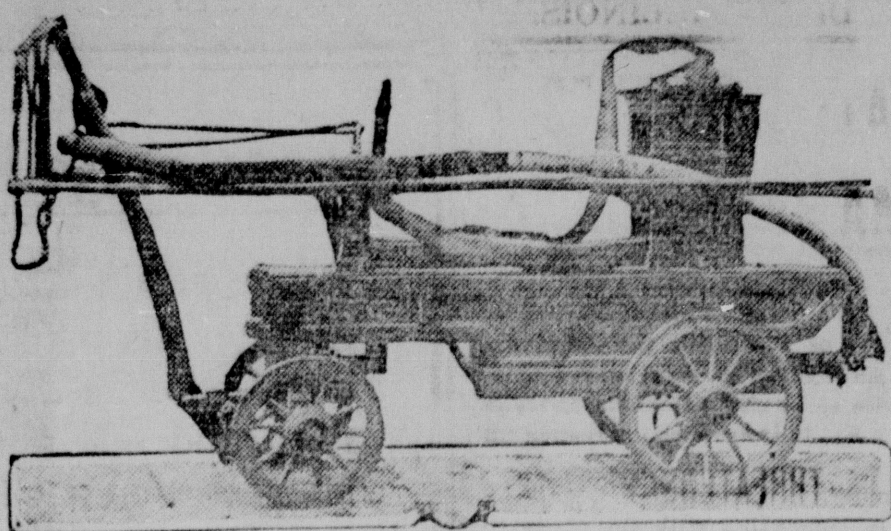

An ordinance has been passed in Ada, O., compelling merchants to remove hitching posts and racks of all kinds from the main street, which is the Lincoln Highway. This action is in preparation for the great flow of travel which is expected through Ada when the transcontinental tourists over the Lincoln Highway begin going through next spring.

## GRANDMA USED SAGE TEA TO DARKEN HAIR

She made up a mixture of Sage Tea and Sulphur to bring back color, gloss, thickness.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

"QUINCY NO. 1—ROUGH AND READY."

The first fire engine brought to the state of Illinois. It was purchased by the city of Quincy in 1839, and was manned by volunteers from the ranks of the business men of the city. Now the property of the Quincy Historical society, and located in the Historical building at Quincy.

### MAKING THE HOTELS SAFE.

Inspectors of the Illinois state fire marshal department are kept especially busy just now inspecting hotels, theaters and other public buildings. There seems to be a wide-spread agitation over the state in respect to fire escapes on buildings of this character and more requests for inspections are received at the Springfield office than the inspectors are able to properly look after. In some counties the grand juries have been sent on tours of inspection and have gone carefully over all the large buildings in the county and have reported to the state's attorney where conditions are found hazardous and buildings are not properly equipped with fire escapes.

Although many hotels throughout the state have not complied with the new law requiring all hotel buildings of more than two stories in height, not of fireproof construction, to be equipped with fire escapes and to be provided with knotted rope or an automatic rope fire escape in each room above the second floor, yet conditions in these buildings are rapidly improving and it is believed that within a short time all hotels in the state will be required to comply with this law. The enforcement of this act was not placed directly under the supervision of the fire marshal department, but the department is paying particular attention to buildings of this character and is endeavoring to have the law generally observed throughout the state.

### SCHOOL FIRES.

According to Safety Engineering, during the first ten weeks of this year an educational institution has burned completely every school day. Since the burning of the school building in Collinwood, O., in 1908, there has been a public demand for safer schools, and it is surely the duty of every official connected with a public safety department to encourage better and safer construction for buildings of this kind. The public does not want the school children to be submitted to the danger of being cremated or trampled to death in a panic, and the only way to surround them with the necessary protection is to build the schoolhouse fire-resisting and provide a sufficient number of exits so that the pupils may leave the building in an orderly manner, in a short time.

Besides affording proper protection for teachers and pupils, it would be economy in the long run to build so that the total destruction of the building by fire would be impossible under any condition.

CHARACTER OF OLD FIRE TRAPS CONDEMNED BY THE FIRE MARSHAL DEPARTMENT OF ILLINOIS AND ORDERED TO BE REMOVED AS A FIRE HAZARD TO THE SURROUNDING COMMUNITY.

Those getting the Telegraph by mail, look for the little yellow tag. It gives the date to which your paper is paid.

### CITIES MADE SAFER BY FIRE MARSHALS

Growth of Fire Marshal Department From Agency for Suppression of Arson—Value of Building Inspections Strongly Emphasized.

Originally created to enable the state to cope with the arson hazard, which the local authorities uniformly were unable to suppress, the fire marshal department, in such states as have supported it liberally, clothed it with adequate authority and put at its head a capable and intelligent man of forceful character, has become the greatest agency in fire prevention thus far created. It has not neglected the incendiary, who was the reason for its creation, and still is a terror to the man who for revenge, to hide crime or to "sell out to the insurance company" sets fire to property. But its usefulness occupies a much broader field than this and is manifesting itself in an ever-widening circle of influence.

As an educational factor in the reduction of fire waste it has become the greatest force in the country. The weekly and monthly bulletins of many departments, the annual reports of most of them and special publications issued either for general distribution or as text books for use in the schools are uniformly interesting, often fascinating, are well written, contain much valuable and well digested information, and their conclusions and recommendations almost always are sound and worthy of careful heeding.

### CLEAN UP.

"We say that this unwarranted fire waste in the state of Illinois is largely a question of individual responsibility. We maintain that if the citizens of Illinois would use ordinary judgment along these lines, that the fire waste in this state would be more than cut in half; that you men who are sitting here tonight, together with all other citizens of Illinois, hold within your hands the means and agencies which will do the very things we are talking and preaching all over the state. If the business men of this state would use more precaution in cleaning up, and would just use ordinary judgment in keeping their property free and clear from hazardous conditions, we would have no trouble in obtaining results along the lines of our endeavor."—From the address of Walter H. Bennett, state fire marshal, at Centralia, February 18, 1914.

## GREAT SONG BOOK DISTRIBUTION

# Closes SATURDAY, AUG. 1

No time to lose now, so get your song book coupons together and present them at The Telegraph office without delay. You'll want this splendid collection of old melodies after the offer is withdrawn, but you can't get it then for love or money. So ACT AT ONCE.

Just clip the coupon printed daily in another column and present it, with five others, and the small expense amount of **79c**

Paper Bound, 49 Cents.

We strongly recommend the heavy cloth binding, as it is a beautiful book that will last forever.

In this volume are all the old favorites, bound together in one beautiful volume; printed in large, readable type; the music so clear and large that it can be easily read from a distance where several persons are standing around the accompanist; and every song in this collection is a recognized popular melody. In this book there are no one-line chantys; no ancient roundelays; no excerpts from wornout musical comedies; no trash; but every song of love and home; every sentimental and college song that you love; every patriotic and sacred song that is dear to your memory; and all the old masterpieces from the grand opera.

Greatly reduced illustration showing the \$2.50 volume, bound in English cloth and stamped in gold.

# 7 SONG BOOKS IN ONE

Printed separately, even with the cheapest paper cover, these would be priced at 50 cents each, or a total of \$3.50; but here in this complete collection, all in one splendid volume,

## WITH WORDS AND MUSIC COMPLETE

presented as explained in the coupon printed daily.

In addition to this splendid array of beloved old favorite songs there are also

# 69 PORTRAITS OF Famous Vocal Artists

These include all the celebrated singers of the present day and age—the big stars—reproduced from special copyrighted photographs approved by the artists themselves—a superb collection of pictures that money could not buy. Caruso in five different poses; latest copyrighted portraits of Leo Slezak, Mary Garden, Mme. Matzenauer, Emmy Destinn, Mme. Alda, Maggie Teyte, Alma Gluck; character posings of Farrar and Scotti, and more than fifty other wonderful portraits.

**VILLA'S WAR ON PRIESTS ALARMS**

French Charge Rushes to See President Wilson.

**EUROPE'S ATTITUDE FORECAST**

Two of Clergy Killed at Zacatecas Were French Subjects as Were Many Imprisoned—Huerta's Regime Is Divided Into Sheep and Goats at Washington.

Washington, July 21.—An indication of what will be the attitude of Europe in the final day of reckoning in Mexico was had here when Charge Clarence of the French embassy arrived in Washington from the summer embassy and insisted on seeing President Wilson in regard to the killing of two French priests at Zacatecas, supposedly by General Villa.

The French charge called also at the state department on his arrival and informed the secretary that his government required him to see President Wilson. He was taken to the White House by Mr. Bryan, but was unable to secure an audience with the president for Monday. He was given an appointment for today.

**Action of Serious Import.**

It is unusual for a charge d'affaires to ask for access to the president, a privilege supposedly only accorded to ambassadors except on extraordinary occasions. Similarly the promptness with which the French government is moving in the matter led to the conclusion here that the Paris authorities intend to take arrangements being made for immediate reparation.

The killing of the two priests occurred immediately after the capture of Zacatecas by General Villa. The men killed were members of the Order of Christian Brothers. Eleven other members of the order were thrown into prison at Zacatecas.

The state department has made frequent representations to the constitutionalists regarding their treatment of members of the Catholic church and the church property, but has received little satisfaction. It is believed the treatment of the clergymen by the constitutionalists particularly in Mexico City will constitute one of the gravest problems facing the Washington government in regard to the Mexican situation.

**Huerta Had Good Days.**

It has become known that the administration has divided Huerta's acts into the sheep and the goats. It will not consider legal any act of the Huerta government committed after Oct. 10, which was the day on which President Huerta imprisoned the Maderista members of congress and assumed to himself practically dictatorial powers. It will not raise any objections to the constitutionalists repudiating such of Huerta's acts as were committed after Oct. 10.

It is understood, however, that this attitude of the United States will affect the general situation regarding foreign interests but little, as Huerta had practically no dealings with Europeans after last fall. The foreign loans and other obligations undertaken by the Huerta government were all concluded before Oct. 10, according to records here.

**LETTER CARRIERS FACE QUIZ**

Postmaster Called to Report on Attempted A. F. of L. Affiliation.

Washington, July 21.—The Chicago letter carriers and the entire membership of the National Letter Carriers' association are likely to come into conflict with the postoffice department of the United States. This was intimated by First Assistant Postmaster General Roper, when he stated that he has called upon the postmaster at Chicago to report fully on the reported announcement of the Chicago branch of the letter carriers' association that they favor affiliating with the A. F. of L. referendum vote is being taken on this proposition by the national association, and the postoffice department intends, according to Mr. Roper, thoroughly to investigate such action.

**NEW HAVEN WILL NOT YIELD**

Directors Expect Attorney General to Proceed With Suit.

Washington, July 21.—A series of conferences between Attorney General McReynolds and a committee of the New Haven directors failed to bring about any change in the determination of the government to file an anti-trust suit against the railroad.

Late in the afternoon President Eustis issued a statement in which he said that the directors had found it impossible to yield to the restrictions placed by the Massachusetts legislature upon the sale of its Boston and Maine stock and that he expected the attorney general would proceed to file a suit.
